

Artificial Intelligence (AI)

In Thanks to the HighTech Agenda with an extensive investment, artificial intelligence plays a major role in many sectors in Bavaria, including health, mobility and manufacturing.

Your digital start-up centres

About

At DZ.S, digital founders, start-ups, scientists and the industry work on solutions to push the digital transformation in Augsburg and in the immediate vicinity.

Being a business incubator for tech founders, the gate is the first contact address for high-tech start-ups located within the research campus in Garching / Munich. More than 50 resident startups particularly appreciate the flexibly expandable office spaces.

At ITC1, founders, start-ups and young companies meet already established high-tech companies. In addition, the Innovations Technology Campus offers a high-quality infrastructure, a crosssector network and actively promotes innovation. It aims to support digital start-ups.

Companies in the vicinity

- › Airbus
- › baramundi software
- › Infineon
- › KUKA
- › Renk
- › Sortimo

- › BMW
- › Edag

Artificial Intelligence (AI)

In Thanks to the HighTech Agenda with an extensive investment, artificial intelligence plays a major role in many sectors in Bavaria, including health, mobility and manufacturing.

Your digital start-up centres

About

The Munich-based Technology Centre is one of the most important high-tech centres in Germany, and is open to all high-tech and technology companies.

KleeCenter offers entrepreneurs and founders a package of tailor-made components and provides efficient start-up assistance with infrastructure and technical equipment

echBase is a modern complex with state-of-the art labs and workshops. Major automotive suppliers next door provide business opportunities for start-ups.
