About

Being a business incubator for tech founders, the gate is the first contact address for high-tech start-ups located within the research campus in Garching / Munich. More than 50 resident startups particularly appreciate the flexibly expandable office spaces.

At their three locations Roding, Furth im Wald and Cham the innovation centre and incubator offers commercial and office space plus a fully equipped maker spaces where start-ups can experiment with robots, 3D-printing and measurement technology.

Located close to the border to the Czech Republic and Austria, INN.KUBATOR Passau provides easy access to three promising markets. As member of the GZDN Association, it is connected to an extensive network of investors and players from industry, science and associations.

About

At ITC1, founders, start-ups and young companies meet already established high-tech companies. In addition, the Innovations Technology Campus offers a high-quality infrastructure, a crosssector network and actively promotes innovation. It aims to support digital start-ups.

The Munich-based Technology Centre is one of the most important high-tech centres in Germany, and is open to all high-tech and technology companies.

TechBase is a modern complex with state-of-the art labs and workshops. Major automotive suppliers next door provide business opportunities for start-ups.
